**The Netherlands** offer the course “Meeting the Police Education below Sea Level”.

The course will offer the participants a programme through which they will become more familiar with the structure, responsibilities and training methods of the Dutch police. Various police training facilities will be visited during this course. The course will be held in English. Applicants will have to be able to understand presentations in the English language and be able to discuss and contribute to interactive parts of the course. Applicants have to be (senior) officers and employed in the field of police education, for instance board members, managers, teachers/trainers and educational developers.

The invitation will be sent out separately.

**Switzerland:** no special courses; police officers interested in attending an Swiss course (in German, French or Italian language) are always welcome to sign up for courses published on the website [www.institut-police.ch](http://www.institut-police.ch)
